When your work calls for a reliable, powerful cutting tool, turn to Slingco Bolt Cutters. Designed and built for the demanding, daily use of utility professionals and contractors, these cutters deliver consistent performance.

Our hardened steel blades provide clean, powerful cuts across a wide variety of materials, including soft metals, chain, and rebar. The ergonomic handles are engineered for optimal grip and leverage, which helps reduce operator fatigue and improves control during tough applications.

With a variety of sizes available, Slingco has the right tool for the job, helping you work efficiently and safely.

WARNING: DO NOT use on energised lines.
